Best People to Call Every Day for the Next 4 Weeks

Many of us are overlooking the best people to call. This section makes sure that you do not forget the people most apt to say “Yes” to you during the next 4 weeks.

However, before you begin, please do NOT read ahead. Just read only one page every day in order. Turn the page slowly since you are about to learn how to help a lot more people every day for the next 4 weeks. Then, help more people thereafter by just rereading this section. Glad to help!
